

CELLS, SOCIETIES, RESEARCH GROUPS

IIT Kharagpur has a plethora of cells, societies, and research groups to keep the students engaged and enhance the bonding of the Kgp community. It is a stage for students to work together and learn the importance of team spirit. As a part of various student bodies, the students form the face of the institute at various levels and bring laurels to IIT Kharagpur.

For the growth and advancement of the institute, the cells work under the leadership and supervision of various Deans under the office.

The societies work for the students and try to keep the kgp community alive by organizing various events and competitions. They work towards the betterment of the community.

Research groups are busy innovating new things, brainstorming on new ideas, and keeping alive the technical spirit of IIT Kharagpur. They do exceptional work in the field of research and solve various real-life problems using technology.
